

PREPARE AND PASS TORFL ONLINE

ABOUT TORFL

TORFL (Test of Russian as a Foreign Language) – this is a state testing system and the most authoritative way to confirm the level of proficiency in Russian as a foreign language.

The system is based on the Common European Framework of Reference (CEFR) and allows you to confirm your Russian language proficiency at one of the six international levels from A1 to C2.

TORFL certificates are recognized in the absolute majority of foreign countries and can be used as a document confirming Russian language proficiency anywhere: from employment in any country of the world to becoming a citizen of the Russian Federation.

Moreover, many Russian universities accept the TORFL certificate instead of the entrance exam in the Russian language or give certificate holders additional points in the rating of applicants, which increases their chances of admission. In the Application, you will find a list of universities that accept TORFL certificates.

Pskov State University is one of the few universities in the Russian Federation authorized by the Ministry of Education and Science to conduct TORFL.

Currently, following global trends, we have decided to transfer the entire cycle from training to getting a TORFL certificate online!

PREPARE FOR TORFL ONLINE

ACCELERATED TRAINING

In just a few lessons, we will tell you about the structure of the test, its content, and the features of its conduction. Taking into account the level of language proficiency, we will help you to fill in the gaps in knowledge and to practice solving the most difficult tasks. Our teachers are qualified testers, who have extensive experience in conducting TORFL, develop test materials themselves and like no one else know how to pass the test successfully.

When conducting online training, we use Zoom platform. Both group and individual training are available.
